Make your ways
innovative | efficient | direct

Your innovative logistics partner

We are a young, dynamic and determined logistics company that provides to its customers a high level of experience, competence and attention at all time. OnePlus Logistics is part of the Lehmann Group, but operates completely neutral and independent.

- + OnePlus Services
- + Track & Trace
- + Logistics 4.0
- + Internet of Things
- + Multimodal Platform

Efficient transportation solutions

OnePlus Logistics offers you the complete package alongside the supply chain from the factory/mill via warehouse up to shipment to the final customer with a dedicated set up. We feel it is important to grow together with our partners and customer.

- + Supply Chain Management
- + Service and Flexibility
- + Sustainability
- + Environmental Awareness
- + Transparency

Direct and fast routes

Direct and independent solutions have the highest priority, especially in today's world. For us this is the prerequisite for a good and long-term cooperation. OnePlus Logistics would like to make the way from contacting us to processing your orders as uncomplicated and direct as possible.

- + Direct Contact
- + Quick Decisions
- + Key Account Management
- + Lead Logistics Provider
- + Project Management

we

bring

it

Part of Lehmann group

Direct and independent solutions have the highest priority, especially in today's world. For us this is the prerequisite for a good and long-term cooperation.

As a part of the Lehmann Group, we have even more possibilities to fall back on logistic services, such as the use of our own ships.

- + The biggest private port operator with four in-house terminals in Lübeck and their own shipping company

- + Multipurpose terminals for bulk cargo, general cargo, RoRo, StoRo, containers and out of gauge loads

It is our goal to work together with our customers and partners in an innovative, transparent and trusting manner.
